

Vision Statement

For every parent and family member in the UK to be able to find the help they need to support their physical and emotional wellbeing.

We want Charlies-Angel-Centre Foundation to be a place people can contact any time of the day or night for support and comfort.

Grief is a very lonely place and if we can make it a little easier for just one person we have succeeded.

We know that we can't take away the pain that is caused by the loss of your child, but what we do hope is that through Charlies-Angel-Centre we can offer a place of support and understanding.

Our Mission

To serve as the home of help and support for parents and their families who have lost a baby or child, providing a free, confidential, multi-channel helpline services that enables people to find any help they seek, when they need it, and via the method of communication more comfortable to the individual
